Elkton  
Ethan Middle School  
Eureka Middle School  
Huron Middle School  
Menno High School  
Mobridge High School  
Pierre Capital A  
Pine Ridge Wolf Creek Elementary  
Sturgis Williams Middle School  
Summit High School  
Wagner High School**

**If you applied to be a site and were not selected it is because you were in the same area at least one other school that applied. Many sites applied that were within 10-20 miles of each other. We tried to balance it so that all the sites were not all clustered in one section of the state with other parts of the state being without any close sites.**

**Five additional locations are planned. We are looking for sites in the NW corner of the state and the central part of the state as we have had requests from people who are not able to host the sessions in those areas but who would like to attend. If your school would be able to host the DDN sessions and you are located in Northwest SD or in the Winner/Chamberlain area, please let us know. We are also working on getting a Sioux Falls site.**

**Please watch for further information about the DDN sessions and updates to site locations on the CANS page at:**

**<http://www.doe.sd.gov/oess/cans> under Team Nutrition Training.**
